membership

Grooming of  
nearly 400  
community  
cadres

## SeSTA's Vision 2025 Scale Up Model

The organisation is financially sustainable with diverse fund base and unreserved/untied funds to manage external funding uncertainties.

Agricultural practices become sustainable, climate-resilient and less vulnerable.

High performing institution in place, recognised for its organisation efficiency, technical competence, the scale of operation, adaptability, stability, agility, and resilience.

The employment rate of skilled youth goes up.

1.5 lakh small and marginal farming families have round the year food security, enhance annual income by INR 50000 per annum, and reduce risks related to credit, irrigation, and insurance.

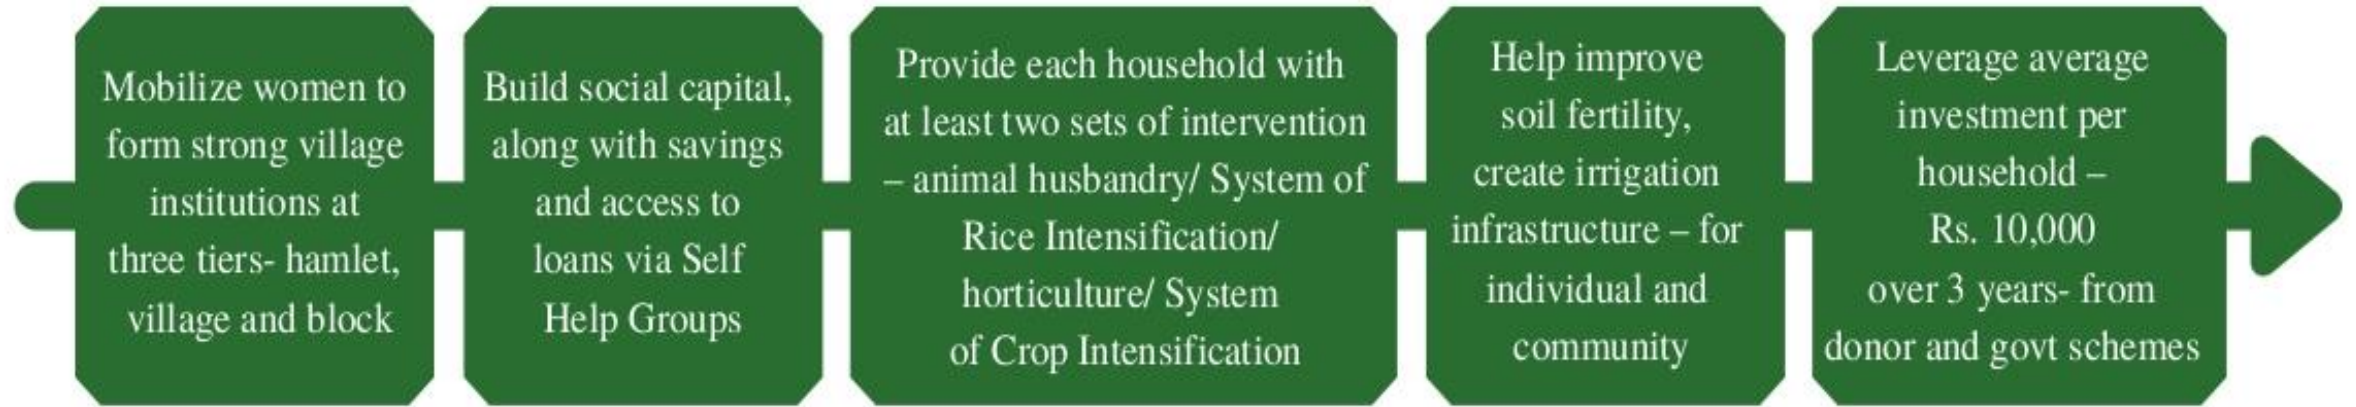

Women Farmers' sense of social and political agency increases.

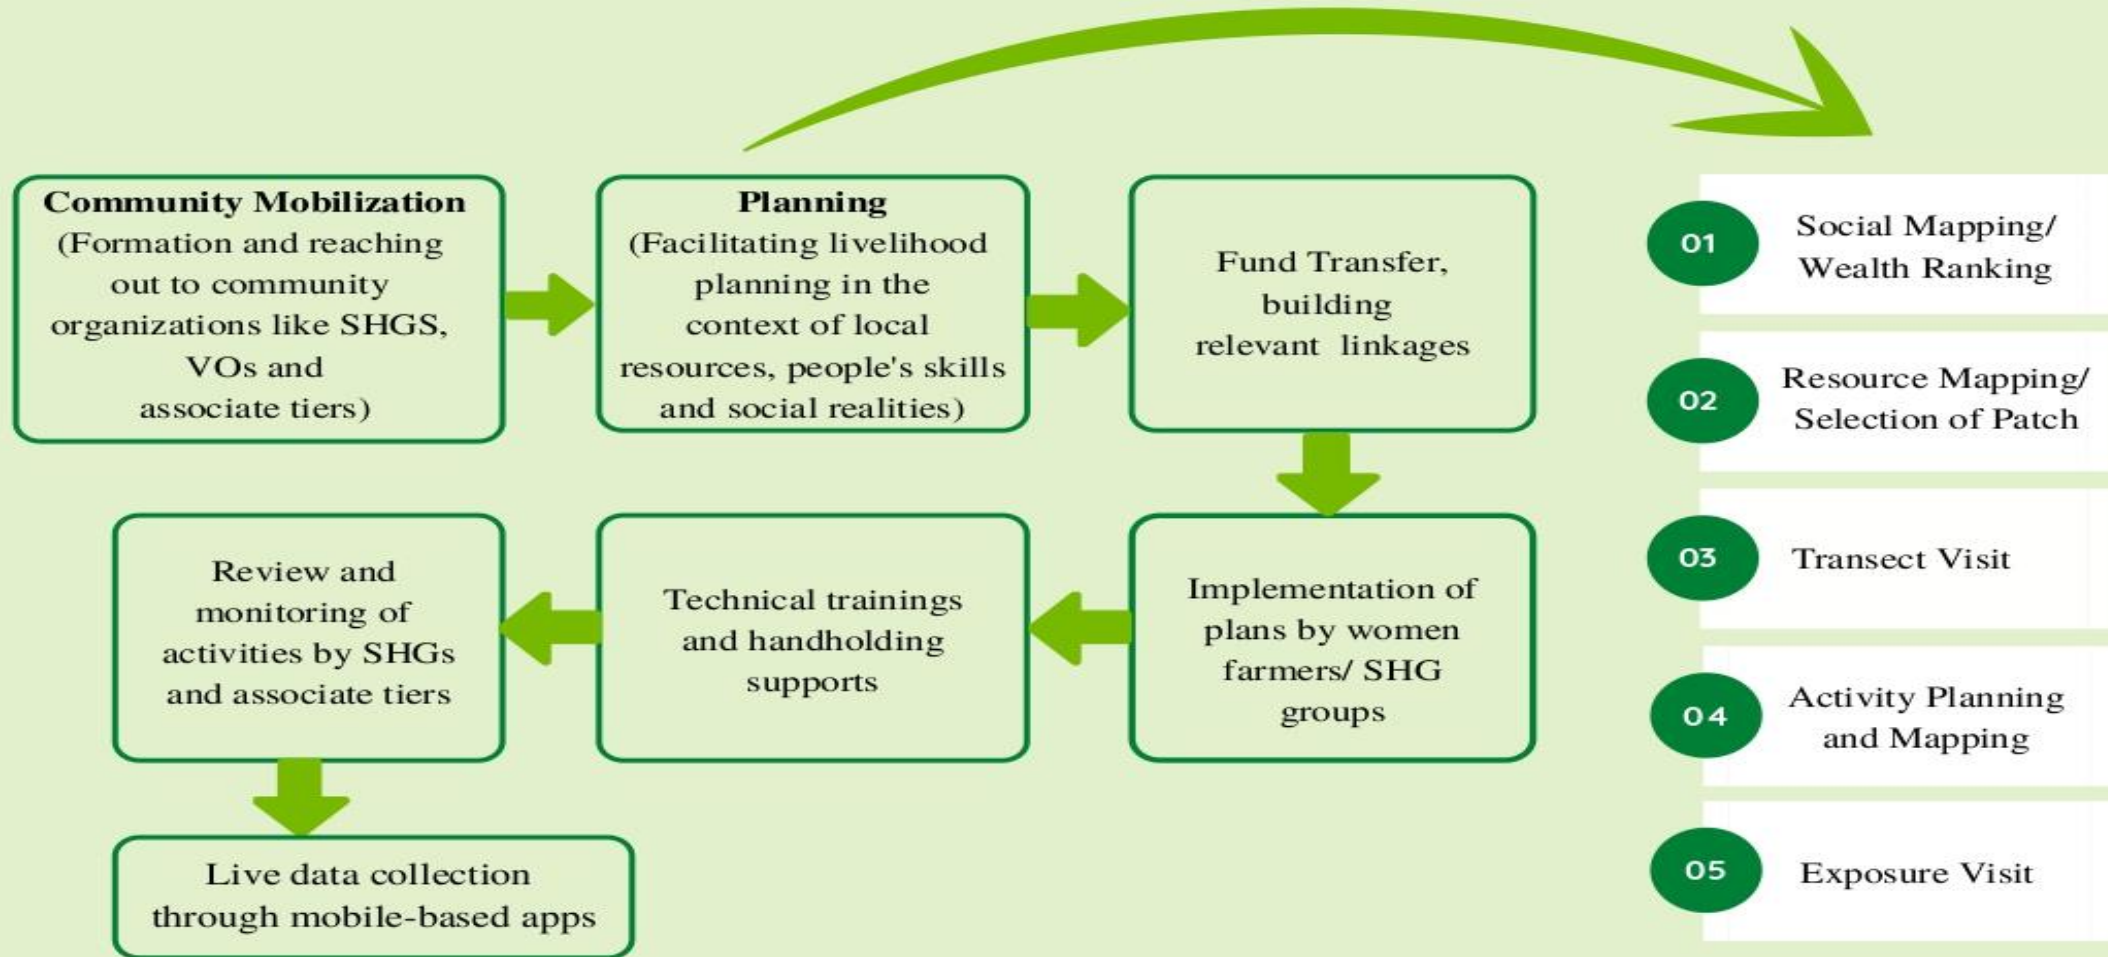

## *SeSTA's intervention model*

# Key Processes And Activities Implemented At The Grassroots Level

## IMPLEMENTATION PROCESS

# SeSTA's Exit Plan from a Geography

Deploys a block level team to reach out to target population to carry out Value Chain Studies, Participatory Rural Appraisal exercise, Baseline Studies. The team has a senior person and a freshly trained executive.

**YEAR 1-2**

Household level livelihood planning done; interventions executed based on resource availability and future visioning; provides technical support, resource investment and allied services to the households.

**YEAR 1**

Identifies and trains community cadres, builds their knowledge, vision and creates a pool of Community Resource Persons (CRPs) (Agriculture and Animal Husbandry facilitators).

**YEAR 1-3**

Interventions focused on stabilizing income, food security and strengthening groups to be platform for women to address issues of violence and governance.

Continue to work with Farmer Producer Organizations with strong focus on outcomes and targets. Prepare for exit or further support if required.

**YEAR 5**

**YEAR 6**

Build Farmer producer Organisations. Trainings on capacity building to office bearers. SeSTA staff deputed to work for Farmer Producer Organisations . Build Backward and forward linkages

**YEAR 4**
